Parent / caregiver guide

Journey Stories are short picture-and-word books about everyday moments. They describe what might happen and how a child can cope ? calmly, without pressure, eye-contact goals, or "quiet hands" language.

How to use this pack

1. Print the pages (letter size). Black and white line art is fine.
2. Read together before a new routine, or after, as a debrief.
3. Pause on sensory pages. Let your child point, tap, or skip.
4. Celebrate any coping choice ? headphones, break, board, words.

Age bands: roughly 3?5 (with adult reading) and 6?9 (shared reading).
